

Month Of: August, 2020

These activities are for various ages and will not be suitable for all ages. Supervision is strongly suggested for all.

<i>Day</i>	Monday	Tuesday	Wednesday	Thursday	Friday
<b>Week 1</b>	3 Civil Holiday	4 Sing and Dance to  Mr. Golden Sun	5 Set Restaurant in Patio or outdoor environment	6 Science Experiment  Pencil in water bag	7 Frozen Banana Yogurt Pops  Recipe
<i>Skills Children are Learning</i>	Civil Holiday	Building gross motor skills, understanding function of the sun and how it affects our daily life	Dramatic and imaginary play. Learn and experience current changing of restaurant setting	Promote cognitive development such as ask questions to clarify after observation	Fine motor and sensory exploration. Mixing and transforming materials
<i>Suggestions for Extending, Learning &amp; Play</i>	Civil Holiday	Ask what will observe and feel when sun comes out e.g. blue and clear sky, hot and humid. Demonstrate gesture to show what will happen if sun goes away e.g. rainy, windy, and thunderstorm	Discuss the advantages of patio restaurant e.g. enjoy sunshine & fresh air. Ask how to do if rainy or hot. Cognitive Development – problem solving	Add pens and chopsticks that provide alternative materials to get similar effect	Add materials e.g. ice cream, milk, dry apricots & raisins. Blend them and becomes banana yogurt milk shake
<b>Week 2</b>	10 Science Experiment  Floating dry erase marker with fishes	11 Sing and Count to  The Bees go buzzing	12 Make Rainbow Rice  Recipe	13 Read Jack and the Beanstalk  Jack and Beanstalk	14 Preparation before operation in hospital

Month Of: August, 2020

These activities are for various ages and will not be suitable for all ages. Supervision is strongly suggested for all.

<p><b>Skills Children are Learning</b></p>	<p>Observe the scientific effect that raises children's interests and ask questions about this transformation</p>	<p>Phonological awareness such as animal sounds. Musical appreciation &amp; counting practice</p>	<p>Building fine-motor skills. Sensory and spatial exploration, sorting and identifying color difference</p>	<p>Building love of reading. Understanding friendship is built up by trust, not because of feature</p>	<p>Dramatic and imaginative play. Practice mask wearing, hand washing, put on hair cover, google, and apron</p>
<p><b>Suggestions for Extending, Learning &amp; Play</b></p>	<p>Encourage children to write letters or draw shapes that extend this magical experiment</p>	<p>Discuss what other animals' sound can be heard and pretend those sounds to kids and ask where they come from</p>	<p>Add play materials such as dishes, small buckets, measuring cups, and filters. Building fine motor skills, and enrich comparing quantities</p>	<p>Talk about what would happen if gets something belonging to others. Further discuss the importance of honesty that everyone appreciates it</p>	<p>Add a paper-cut body portrait and color paint on operating table. Identify different organs in the body. Learn important of disinfection</p>
<p><b>Week 3</b></p>	<p>17 Read the story of Horse and the Snail  Horse and Snail</p>	<p>18 Rainbow Spaghetti  Make rainbow spaghetti</p>	<p>19 Science Experiment  Magic Milk</p>	<p>20 Painting Practice - Giant Nail Salon</p>	<p>21 Let's Read  Grumpy Monkey</p>
<p><b>Skills Children are Learning</b></p>	<p>Literacy appreciation. Emphasise the importance of listening to others. Experience cooperation</p>	<p>Fine motor development and Sensory exploration</p>	<p>Understand milk not just for drinking, but can be produced some magical effect</p>	<p>Experience how to sketch their little hands and nails on a big paper with color paint. Color recognition</p>	<p>Literacy appreciation. Ability to understand how facial expression reflect individual emotion</p>

Month Of: August, 2020

These activities are for various ages and will not be suitable for all ages. Supervision is strongly suggested for all.

	and problem solving				
<i>Suggestions for Extending, Learning &amp; Play</i>	Discuss solutions how to extend longer length than others when play e.g. hold hands, set T-shirt, shoes, socks, etc.	Add some small containers such as cups, bowls, plastic bottle that fill inside	Add watercolor papers and dip gently into colourful milk that create another magical effect	Encourages kids to copy their foot on paper with color paint. Promote fine motor and sensory exploration	Practice what other facial expressions we can do and what does it mean to others
<b>Week 4</b>	<p style="text-align: right;"><b>24</b></p> <p>Science Experiment</p> <p>Turn milk into plastic</p>	<p style="text-align: right;"><b>25</b></p> <p>Let's Read</p> <p>Ugly Duckling</p>	<p style="text-align: right;"><b>26</b></p> <p>Make Mango Yogurt Popsicles together</p> <p>Recipe</p>	<p style="text-align: right;"><b>27</b></p> <p>Racing in car track by masking tape</p>	<p style="text-align: right;"><b>28</b></p> <p>Grocery or farm market walk. Look for different fruit &amp; vegetables</p> <p>Garden Hacks</p>
<i>Skills Children are Learning</i>	Sensory Exploration. Eye-hand coordination. Fine Motor Skills	Literacy appreciation, understanding different emotions, learn how to recognize and express them	Fine motor and sensory exploration. Mixing and transforming materials	Sensory Exploration. Eye-hand coordination. Fine Motor Skills <b>Remark: encourage kids to tape the track by themselves</b>	Observation skills, recognizing and labelling fruit and vegetables
<i>Suggestions for Extending, Learning &amp; Play</i>	Add materials toothpicks, popsicles sticks that can put into the milk before condensation. This indicates	Explain the meaning of ugly and beautiful by using toys as example and compare the feelings of	Add materials pineapple, strawberry, milk or ice cream. Understand different mixture produce	Reset the track on table. Add straws, cotton balls or pom poms that blow along the track.	Pick the seeds from fruit or vegetables like tomato, pumpkin, watermelon or cherry. Observation of growing
